

ML Methodologies vs. Application Areas

Application Area

Fisheries management & stock assessment

Aquaculture & automated monitoring

Plankton & phytoplankton analysis

Molecular level analysis & food science

Other

32	28	0	4	3	0
15	28	2	1	6	0
5	10	0	4	0	0
15	2	2	1	5	0
0	0	0	0	0	0

Traditional supervised

Deep learning - CNN & Variants

Deep learning - transformers

Unsupervised and self-supervised

Evolutionary computation

Other

Machine Learning Methodology
